

Only \$1.25 per box

## Girl Scouts launch cookie drive

LIVERMORE — Girl Scouts all over the Valley are hoping their neighbors will recall community services of the past few months neighbors will recall Scouts' community services of the past few months now that it's time to ring doorbells and sell Girl Scout cookies.

The \$1.25 price may seem high, but buying a box is one way to say "Thanks" and contribute money to the troop for the coming year's activities. Livermore-Amador Valley Association of Girl Scouts spent their holiday season doing things for those confined to rest homes or convalescent hospitals.

At the Livermore Manor Convalescent Hospital, Livermore Junior Troop 206 caroled and presented each patient with hand-decorated soap favors.

Pleasanton Convalescent Hospital was visited by several troops. The Dublin Brownie Troop 1903 and Jr. Troop 562 combined efforts and made 250 ornaments and trimmed a tree they had acquired for the

hospital's dining hall.

They also had a party and caroled. Later they served 25 dozen cookies they had baked, along with punch.

Jr. Troop 1069 from Pleasanton made 78 hand-decorated plates and filled them with home-made cookies, which they took to the home for everyone to enjoy. Two troops from Donlon School in Pleasanton (Brownie Troops 1189 and 1921) made presents for each of the 124 patients. They also decorated napkins and cups to serve refreshments before the arrival of Santa Claus. At other holidays during the year Troop 597 brought gifts and friendship to these folks.

Brownie Troop 184 from Dublin traveled to Castro Valley to sing and entertain the patients at Chabot Convalescent Hospital. Each guest was also presented with a bookmark made by one of the girls.

Brownie Troop 555 gave the elderly at Pines Rest Home in Livermore a pleasant time when they sang

and served cookies and punch. The residents of Crestwood Lodge, Livermore, were treated to caroling by Jr. Troop 2343 of Livermore.

Many troops joined in food and toy collections for the needy. Brownie troop 871 collected several boxes of toys for the Toys for Tots drive held by the Marines in Concord.

The Emergency Fund Center in Livermore had the assistance of Jr. Troop 2343 who repaired toys and gaily wrapped them. The same girls also collected soft toys for retarded nursery-school children.

The girls in Jr. Troop 1069 made toy pillows for the Pleasanton Community Christmas Program Canned goods went to the Emergency Fund Center from Brownie Troop 1001.

The Head Start program was aided by Jr. Troop 1360 in Dublin, who made teaching kits and are now working on making building blocks from egg cartons.

The Cadettes in Troop 845 adopted a family in Liv-

ermore. They provided a Christmas tree, decorated it with handmade ornaments, earned money to buy gifts and put food and clothing as well as presents under the tree.

The Pleasanton Bakery sponsors Cadette Troop 923. To show their appreciation, the girls decorated the store windows with hand painting. They also shared their spirit with Hill'n'Dale Nursery School, where they gave a party with gifts and refreshments they had made.

Troop 755 decorated baby food jars and filled them with nuts to give to a kindergarten class. Many of the girls made gifts for those in their families and had parties for them.

Now all the girls are involved in raising money so the troops report adation and yearly activities. Anyone wishing to order cookies who can't get in touch with their neighborhood Girl Scout may call 447-4394 to make arrangements.

### Donlon playground project

Donlon School parents and faculty members gathered at the school Saturday to implant large tires and continue work on playground. When completed, play area will serve as focal point for hundreds of youngsters living in Val Vista area of

Pleasanton. Below, students lift wheelbarrow of dirt to anchor one of tires. Project is being coordinated by parents and school administration, headed by Mark Stott and Roy Fields. School is located on Dorman Road.

Times Photos

### Awaits board action

## Santos Road closing near

**Alameda County Bureau**  
OAKLAND — Santos Ranch Road, that steep, twisting snake up the east slope of Pleasanton Ridge, will be blocked to public access if the board of supervisors accepts a bounty public works department recommendation at this morning's meeting.

The county will erect a "permanently lockable gate" to block the road to all but those owning property requiring access by the road.

The imbroglio started when Pleasanton City Councilman Roger McLain fired off a letter to valley supervisorial representative John Murphy.

Pleasanton Ridge property owners Tom Pishos and Sheldon Berz wrote county director of Public Works Herb Crowe recommending the gate.

McLain's letter followed a mid-December accident in which the brakes on a car going down the road gave out and a van travelling on Foothill Road plowed into the car.

The road has been blocked off with a chain, but today's vote is for a "permanently lockable" gate. Only those property owners who need the road for access to their homes will have keys.

Local police and safety officials have been against the road, claiming it affords access to the ridge by hang-glider enthusiasts.

A hang-glider pilot was killed last summer when he apparently lost control of his kite and plunged to the concrete in a residential district adjoining Foothill Road.

The board also will ask the planning commission to hold off on a request by Oakland Scavenger Company to grant a garbage dump on 1,500 acres of the Altamont Hills.

Chairman Fred Cooper wants the board to reserve further consideration pending adoption of the county's Solid Waste Management Plan.

The State mandated plan on future disposition of county garbage through energy and resource recovery programs was due Jan 1. Alameda, like several other counties in

the state, asked for a delay in submitting its plan.

#### PLANNING

County planning commissioners Monday sustained an appeal of Robert and Eva Frick to approve conditionally a tentative parcel map for acreage at Altamont Pass Road and Goecken Road near Livermore.

The appeal was sustained subject to a board of supervisors' review of the couple's agricultural preserve contract.

The commission also granted zoning changes for seven parcels in the valley. Three parcels totaling nearly 120 acres were classified as Industrial Park Districts; three totaling nearly 400 acres were in an Agricultural District, but with 20 acre minimum building site requirements, and one 112-acre parcel was classified in a Retail Business District.

The land is in the Livermore area. All will be changed to Agricultural Preserve Properties.

### Police merger planned

## Firefighters oppose safety consolidation

PLEASANTON — Firefighters are ready to take to the streets with petitions if the fire department is combined with police in a public safety division.

That was the word yesterday from Bill Barry, president of Pleasanton Professional Firefighters Local 1974, IAFF, hours before the city council was to hear a staff proposal to consolidate the two departments.

The two departments have had some consolidation on a trial basis during the past 13 months and the staff has proposed making the status permanent.

City Manager Bill Edgar thinks the consolidation will give the city a higher level of police and fire service. Cognizant of the firefighters' objections to consolidation, Edgar said, "The issue is whether the city manager, director of public safety and the city council controls the fire department or the union does," Edgar told The Times yesterday.

Barry thinks the consolidation, unlike most consolidations, will cost money, not save money. The year-long trial period has cost the city an extra \$60,000, claimed Barry.

The \$60,000 was the price of hiring three firemen to replace three

captains who were taken off the usual 56 hour firefighters week and put on 9 a.m. to 5 p.m. 40 hour a week administrative-style shifts, said Barry.

The city could have kept the captains on firehouse duty and used them as firefighters in addition to their administrative duties, said Barry.

Moving the captains from a 56 hour week at the fire houses firehouses to a 40 hour office week is more efficient, said Edgar. Under the old system, subtracting eating, sleeping and recreation time, they were devoting only 30 to 33 hours to administrative duties, said Edgar.

Edgar feels the union is opposing reorganization because it is concerned about retaining the maximum number of non-administrative jobs for salary and advancement opportunities. Barry denies it, claiming that the union's proposal for a fire department structure includes nine lieutenants, one chief, an assistant chief and 18 firefighters, the same total number of personnel the department has now. However, it would be \$60,000 cheaper because the captains are missing, said Barry.

Concerning Edgar's contention that the union is running things,

Barry replied, "If you appoint a fire chief, you would have your administration to run the department."

The response of the fire department to such things as attempted suicides (25 in the city last year), traffic injuries and other emergencies rose 35 percent because of the trial consolidation, said Edgar.

The consolidation had nothing to do with it, replied Barry. A separate fire department can respond to such things, depending on the attitude of the fire department administration he said.

Acting Director of Public Safety Walt McCloud said that a combined fire and police system is now working well in Milpitas. Edgar said many California cities are turning to the system and it has been proven in the Midwest.

Barry said that while Milpitas has a public safety director, it has a totally separate fire department, so there is no comparison to the Pleasanton proposal. Midwest cities have tried combining departments and found miserable failures, said Barry.

"Peoria, Ill., tried it for eight years and finally gave up. They figured the city lost over \$4 million during that time," said Barry.

—by Ron McNicoll

### Police-fire crowd gathers

## Edgar asks for merger

PLEASANTON — The largest crowds since the redevelopment hearings last night heard city manager Bill Edgar ask the city council for consolidation of the police and fire departments.

Nearly 200 people alerted by firefighters' leafleting and newspaper advertising crowded Veterans' Hall to hear pros and cons of the consolidation proposal in a session which went long past press time.

The proposed consolidation fits with other management mergers since the 1972 growth slowdown dictated staff efficiencies and economies, said Edgar.

Streets, sewers, water and park maintenance have been merged into a department of field services and the building inspection, design and planning functions of the city were combined into the department of housing and community development.

A first step in the consolidation of the police and fire was taken 13 months ago on a trial basis and has proven fruitful in many areas, said Edgar.

"It was not the original intent of the merger, but we did save \$25,000 to \$30,000 by not hiring a new fire chief (to replace departed chief John Frudden)," said Edgar.

Three captains were shifted from fire house shifts of 56 hours to office shifts of 40 hours, an improvement in their administrative efficiencies because only 28 to 30 of those 56 hours were productive, said Edgar.

The largely pro-firefighter audience groaned at that point.

The reshuffling of the captains has translated to a bet-

ter communication of policy from the city manager's office down into the departments, said Edgar.

Differences between police and fire under the merger would not dissolve totally, said the city manager. Police would become familiar with some of the firemen's duties and vice-versa so that both could function smoothly and cooperate well at an accident scene.

The audience also groaned when Edgar finished his speech by referring to the firemen as "union zealots."

Edgar read an editorial from the Pleasanton City Employees' Association newsletter which supported the proposed consolidation.

Other city departments have merged with no adverse effects and as long as service is maintained the police-fire merger is justified, said the PCEA editorial.

### Murphy gets papers

County Supervisor John D. Murphy yesterday took the first step in his bid for reelection to the District 1 post by picking up "petition in lieu of filing fee" papers at the County Registrar's office.

If Murphy can collect the signatures of 1,735 registered voters, the \$433.73 fee will be waived.

The petitions must be returned by Feb. 17, the beginning of the nomination period.

Valerie Raymond of Livermore took out petition papers for the County supervisor position.

## Amador tax limit boost looms

PLEASANTON — The Amador Valley Joint High School District board will hold another budget session tonight with the prospect of deciding whether to go for a tax revenue limit increase on the June ballot looming.

Trustees will convene at the District Educational Center, 123 Main St., at 7:30 p.m.

The Amador study budget amounts to \$8,496,834, which means the district is looking at a deficit fi-

nancing figure of \$477,000.

Superintendent Bruce Newlin has noted both to Amador and Pleasanton trustees they will have to make major cuts to the budget for 1976-77, lobby in Sacramento for additional funds or consider a tax revenue limit increase measure.

The deadline for informing the county of the latter is Feb. 9, or 120 days before election day.

The same prospect is confronting

Pleasanton school district trustees. They'll take further looks at the study budget, which amounts to \$6,629,417, on a budget session Wednesday, also at 7:30 p.m. at the District Educational Center.

The deficit figure facing Pleasanton trustees is \$154,130. Doug Rose, assistant superintendent for business, has said the figure indicates the amount the budget is "out of balance." No reserve figure is included.

## "RAP" SHEET

### Dublin woman kidnapped, raped near home

DUBLIN — A 33-year-old Dublin woman, returning to her home about 1:45 a.m. Sunday, was kidnapped and raped in a four-hour ordeal before her captors left her bound and gagged in the back seat of her car.

The woman told Sheriff's Deputies she spent the evening in Oakland and had parked her car in the driveway of her home. As she exited the car, a man put a handgun to her head and ordered her to lie down.

The man and a companion forced her into her car and drove around for about 15 minutes. One of the men taped her arms, ankles and mouth, took her into the back seat and raped her, a Sheriff's Department spokesman said.

The ordeal lasted about four hours, the victim said. The two men then siphoned gas from her car to make a getaway.

The woman freed herself and called the Sheriff's Department. There was no report on the woman's condition.

The suspects are described as two black male adults, both about 6 feet tall and with thin builds. Fingerprint analysis of the car and tape used to tie the victim will be available in a few days, the spokesman said. There are no suspects at this time.

### Charges filed against Livermore dentist

LIVERMORE — Formal charges accusing Dr. Donald T. Rocco of filing a false burglary report were made late yesterday by the district attorney's office.

Rocco was arrested in Los Angeles Jan. 12 while allegedly attempting to sell two ounces of high-quality cocaine to undercover narcotics agents. Comparisons of the lot numbers of the drugs stolen with those Rocco tried to sell were reportedly the same.

### Shoplift arrest leads to stolen property

LIVERMORE — A couple arrested for shoplifting at the Value Giant Store on Chestnut Avenue Sunday remain in jail on \$9,500 bail after police discovered numerous items without sales receipts in the pair's car.

David Vincent Ornelas, 22, of Alviso, and Esther Elizabeth Grevelink, 18, of Santa Clara were each booked on three counts of burglary and one count of possession of burglary tools.

Value Giant security guard J. Matchette saw the couple put tools into a red purse and attempt to leave the store. Matchette detained the pair and called police. Officers found \$81 of hand tools in the purse.

Noting their out-of-town addresses, police suspected they were "boosters" — thieves who used a disguised container, in this case a purse with interior partitions removed, to hide shoplifted items.

A search of the couple's car revealed numerous items suspected to have been stolen, including four hams worth \$35, a \$25 dress, and a tape deck with its serial number removed.

Police are preparing a complaint to be forwarded to the district attorney.

### \$300 watch and cash stolen from Elvira St. home

LIVERMORE — A watch with 12 diamonds marking the hours and inscribed "L.O.V.E.R.S. FB to GB 4-11-60" valued at \$300 was taken from an Elvira Street home last week.

Faith Burgher told police that burglars apparently entered her house through a bathroom window while the home was unoccupied. A girl's turquoise and puka shell necklace and \$4 in cash was also listed as stolen.

### Leather jacket and tape deck stolen Saturday

LIVERMORE — A \$290 leather jacket and a tape deck were stolen by burglars who entered a car parked on Crocus Way early Saturday.

Shirley Jean Peugh said she discovered the burglary Saturday morning. She said the tape deck had been removed and placed under the seat prior to the theft, but was taken anyway.

Police have no suspects.

— by Bill Cauble

## Zone 7 says LAVWA controls inadequate

In testimony delivered to the Environmental Protection Agency yesterday, Zone 7 said the Livermore-Amador Valley Water Management Agency's environmental impact statement did not go far enough toward protecting the groundwater of the valley.

The zone board of directors objected to the EIS because of the "seeming

reluctance" of the LAVWA agencies to prohibit disposal of municipal effluent into the groundwater basin in the valley.

Areas used for wastewater disposal can be contaminated by nitrate ions, the statement read.

The directors urged that once the effluent disposal pipeline is completed, wastewater disposal into the groundwater basin must be terminated.

The board said the pipeline project itself was made necessary because wastewater in disposal into the Alameda Creek was contaminating the water supply in the Niles Canyon region.

To permit spraying of effluent after the pipeline is available would be to create the same contamination problem in the valley, the directors said.

The Environmental Protection Agency held a public hearing on the project Jan. 13.

Written testimony was accepted at the EPA office in San Francisco until yesterday.

## Chabot enrollment growing

Winter Quarter registration figures for Chabot College campuses in Livermore and Hayward show a total of 18,962 day and evening students, a 16 per cent increase over the same period last year.

Day enrollment at the Valley campus totals 1,006 students, not including students maintaining dual matriculation at both campuses. Evening enrollment in valley-wide campuses sponsored by the Livermore facility registered 1,820, compared to 1,781 last Winter Quarter.

Day enrollment at the Hayward campus is 7,764, compared to 7,088 in 1975, a 9.5 per cent increase. Evening enrollment at Hayward totals 6,535, compared to 7,049 last year. The campus attributes the difference to a change in the method of counting and not to an actual drop of students.

Saturday enrollment totals 1,639 at Hayward, compared to 452 a year ago, again attributed to a change in counting procedures. There are 184 students attending classes at the Valley campus.

## For jr. scientists LLL grants raises

LIVERMORE — In an effort to redress inequities among the group, most of the junior scientists in the Lawrence Livermore Laboratory Biomedical and Environmental Research Division have been granted salary increases.

Dr. Mortimer Mendelsohn, head of the division, notified 28 of the 37 junior scientists (those holding bachelor's and master's degrees) that they had received salary adjustments averaging 7.6 per cent.

This action was the result of an 18-month effort initiated by Suzanne Lake and Marie Laskaris, members of the biomed group and the Society of Professional Scientists and Engineers, Chapter 130 of the California State Employees Association.

Lake and Laskaris first brought to Dr. Mendelsohn's attention the possibility of salary differences based on sex. They dis-

cussed with him the data they had accumulated and asked for a survey by the lab's Office of Equal Opportunity.

The salary revealed two salary levels within the group, based not on sex, but on whether they had been classified as "life" or "physical" scientists.

Dr. Mendelsohn then worked through the Laboratory's Salary and Wage Department to arrive at an equitable solution based on training, experience and responsibility.

"We're all very pleased with these results," said Laskaris. "A meaningful dialogue took place, and it resulted in the correction of what we felt was a really inequitable situation."

Lake said the group was pleased that "even those who did not receive increases were informed and given a full explanation of the action."

She called the action

"encouraging" and said it "shows a real change in the Laboratory's approach to employee relations."

### Study sessions are scheduled

LIVERMORE — Study sessions on the new city General Plan will continue to be held by the planning commission with one scheduled for tonight and another for Thursday.

Tonight's session will review the text of the document as well as the land use plan starting at 7 p.m. in the Municipal Court Chamber, 39 S. Livermore Ave. Thursday's session will be held at 7 p.m. at City Hall, 2250 First St., with the same two topics to be considered.

In the meantime, the city council began public hearings on the General plan at its meeting last night.

## Bike plans published

LIVERMORE — Copies of the Livermore Bicycle Route Plan are hot off the presses and available at the city planning department, 129 S. Livermore Ave. and Livermore Library, 1000 S. Livermore Ave.

The plan was adopted in early 1974 as part of the circulation element of the city's General Plan but just recently was published in booklet form.

It contains the 13-page plan as well as copies of the resolutions adopted by the planning commission and council relating to the plan. Bike route standards for different width streets also are exhibited.

According to the bicycle route plan, bike lanes are defined as a route located within a public street while a bike path is a route "paralleling a public street, physically separated from the motor vehicle traveled way."

A bike trail is a route "apart from a public street and located on private land or within public land such as trailways, parks, malls, school yards, or along public utility or similar easements."

A map of the Livermore Bicycle Route Plan shows trails along the arroyos — Arroyo Las Positas, Arroyo Mocho and Arroyo

Seco — as well as along the Civic Center Site on S. Livermore Avenue and through the Quezaltenango Parkway and Robert Livermore Park.

Paths are shown along Vineyard Avenue, Holmes Street, Concannon Boulevard, Arroyo Road, Stanley Boulevard, Railroad Avenue, Portola Avenue, Murrieta Boulevard, Vasco Road, Patterson Pass Road, Tesla Road, First Street, N. Livermore Avenue, Hartman Road and Avenue, Altamont Pass Road, East Avenue and Theresa.

Among those streets shown with lanes on the map are Pine Street, Junction Avenue, No. K Street,

**WHIPLASH! THESE PEOPLE GET WELL**

A sixty-six year-old retired accountant came to our offices complaining of dizzy spells and headaches. He had fallen 2 years prior and ever since the spells became progressively worse. Our examination revealed nerve pressure in his neck. Spinal manipulation to realign his neck was administered and at last report the condition had ceased to exist.

**BACKACHE**  
This case report states that a 36-year-old lady, after having severe backaches, pains in both legs, constipation, and loss of sleep for 4 years, came to our office in extreme depression. Our examination and analysis revealed spinal distortion and pinched nerves as the cause of her problems. When our recommended period of correc-

tion had ended, our comparative examination showed that she had no backaches or leg pains, constipation had been eliminated and she was now sleeping all night.

**WHIPLASH INJURY**  
A 20-year-old college student rear-ended in an automobile accident complained of severe headaches and pains in his neck. He experienced ringing in his ears, blurred vision, and nervous tension. The injury had misplaced vertebrae, creating pressure on spinal nerves. The proper spinal analysis and corrections were made, and gradually all of his symptoms faded away. If you have a problem, and have not found lasting relief, perhaps we can be of service to you. Call us for an appointment. 447-8800. 2602 First St., Livermore.

## Hiring an electrical contractor?

# Book on Anza trek reviewed

Out at May School north of town a few days ago, Janet Newton directed our attention above the doorway to the original sign on the faded white front of the building. And looking carefully, H, too, was the outline of the sign, and beneath several layers of paint and partly covered by a board, the faint etchings of old-fashioned letters that spelled out "MAY --OL."

With this same clarity of vision, Janet Newton directs us to historic images in her book "The Anza Expeditions to Alta California." In it she masterfully sketches one of the epic human struggles of the Old West — the journey of a band of Spanish citizens and soldiers from the dry land of Sonora, across the desert to San Diego, and thence up the coast to settlement in northern California.

She describes the events leading up to April 4-5, 1776, when from the Livermorean viewpoint, the journey reached its climax. A group including Commander Juan Batista de Anza, Padre Pedron Font, Captain Joaquin Moraga, eight soldiers and several Indian guides crossed the eastern part of the valley from Patterson

Pass, camped near Corral Hollow, and began their climb again to the mountains of the south. They were the first Western men to visit the Livermore Valley.

Janet Newton has written a history that is both readable and moving. She describes Anza's expedition less in terms of "miles traveled per day" than in human events: three marriages, the birth of children, the crossing of the

leader who chooses men expertly, and skillfully handles the logistics of the difficult journey, despite the lack of information about the route, despite raids from Apaches who carry off great portions of his supplies.

Again, it is with human images that she develops Anza's character. We see him taking his turn in the digging of a well, and defending those who had drunk a little extra Christmas cheer. We see him bring the expedition to a halt and turning over his quarters to a woman whose child is about to be born.

In showing us those who are responsible for many of our traditions in the Livermore Valley, Mrs. Newton inspires us to carry those traditions for those who will come later. She has reminded us of the purpose of our bicentennial celebration.

Dr. Carl R Schneider  
Livermore Bicentennial  
Organization

## lifestyle

Colorado River by the band, many of which had never seen a body of water larger than a creek.

Mrs. Newton also puts the journey in political and historical perspective. The Spanish are anxious over Russia's inroads into Northern California and make haste to settle the land. Spain send out several exploratory expeditions to find a land route from Mexico to San Diego.

The high point of the book is the description of Anza himself. Janet Newton describes a military

**EDITOR'S NOTE:** "The Anza Expeditions to Alta California" is available at businesses in downtown Livermore including the Village Canteen, Schlager's, H&W Stationers, The Blue Door Antiques, The Good Book Store, Book Haven and the History Center at the Carnegie Building. It is also available from SAGE in Pleasanton. Proceeds from its sale benefit the Livermore Bicentennial Organization.

## Xi Theta convenes

Kay Schall will host the Jan. 27 meeting of Xi Theta Chapter of Beta Sigma Phi tonight. Joy Faulkner and Diane Deming will present the program, "My Half of the Apple." The social committee will also discuss final plans for the party to be hosted by Mr. and Mrs. John Deming, and the Feb. 7 Valentine Ball.

## Funk 'n Flash deadline

Creative craftpersons finishing projects for the annual Funk 'n Flash contest sponsored at the Pleasanton and Dublin libraries are reminded that deadline for entries is Saturday, Jan. 31. Entries of hand-decorated, 'personalized' clothing of embroidered, patchwork, painted or recycled materials will be accepted at both libraries Thursday, Friday and Saturday of this week. Winners will be announced Feb. 2.

## Happy Days

Mardi Gras Candidates Phyllis Clark and Frank DiFilippo will pair up to sponsor a 'Happy Days, Let the good Times Roll' dance, Friday, Jan. 30 at the Veterans Memorial Building. The atmosphere is relaxed and informal, the mood gay at \$5 per couple with music provided by Fred Faiella's 'Banded Together' from 9 p.m. to 1 a.m. Tickets are available through Peggy Yaskowitz at 846-8595, Lana Didgeon at 846-1996 or at the door. Proceeds from Mardi Gras events benefit the Pleasanton Emergency Relief Fund, the Tri-Valley Volunteer Bureau, the Pleasanton Bicentennial Commission and Valley Memorial Hospital.

## Community-wide volunteer needs

The Tri-Valley Volunteer Bureau is a clearinghouse for the valley community where human needs and human resources are matched. The bureau maintains an up-to-date inventory of types of volunteers needed throughout the valley. To find out how you can help, call the bureau at 462-3570. The bureau is located at the Twin Valley YMCA building, 287 Rose Ave., Pleasanton and is open Monday through Friday from 10 a.m. to 3 p.m.

### NEEDED THIS WEEK

- Women's recreational and dramatic leaders for prison inmates
- Big brothers for valley children
- Volunteer to work with high school counselor in career program
- Tutors for many programs: low-income pre-school, Early Childhood Education aides, public school, drug recovery programs.
- Volunteers with recreational or musical skills to serve as aides or entertainers at convalescent homes

## Mardi Gras Ball tickets on sale

Tickets are now on sale for the 1976 Mardi Gras Ball to be sponsored Saturday, Feb. 28 by the Pleasanton Junior Women's Club.

They will be sold on a

first-come, first-serve basis at the Pleasanton home of Marcelline Mahern, 3146 Berkshire Court at \$25 per couple. No reservations will be taken by phone, but more information is available at 846-7164.

The ball includes a buffet dinner shrimp creole and chicken, dancing to the music of "Tom Nar-ducci and Beowulf," and coronation of the 1976 Mardi Gras King and Queen from 6:30 p.m. to 1 a.m. at the Castlewood Country Club.

## On being assertive

Systemic assertiveness therapy will be the subject of speeches and spontaneous commentary at the Jan. 28 meeting of the Livermore-Amador Valley Toastmistress Club.

The group convenes at

Home Savings and Loan Association from 8 to 10 p.m. and welcomes the public to its programs aimed at training women to speak effectively, objectively and concisely. For more information call Arlene Morgan at 455-0164.

Report from Philip Morris

# Twelve Year Effort Ends With Unprecedented Flavor In Low Tar Smoke.

---

**New 'Enriched Flavor' discovery for 9 mg. tar MERIT achieves taste of cigarettes having 60% more tar.**

---

The greatest challenge to cigarette makers in the last two decades has been how to make a low tar cigarette that wasn't "low" in taste.

It seemed impossible.  
*Until today.*

After twelve long, hard, often frustrating years, Philip Morris has developed the way to do it.

The cigarette is called MERIT. It

Warning: The Surgeon General Has Determined  
That Cigarette Smoking Is Dangerous to Your Health.

delivers only 9 mg. of tar. One of the lowest tar levels in smoking today. Yet MERIT delivers *astounding* flavor.

If you're looking to become a low tar smoker, or don't particularly enjoy the taste of the low tar brand you smoke now—you'll be interested.

### **Low Tar, Good Taste: Filters Fall Short**

Like most everyone else, we tried to design special "low tar, good taste" filters. Special filters that would somehow allow taste through but not tar.

Like others, we experienced the same general kind of results: the lower the tar, the lower the taste.

So for flavor, we concentrated on the business end of smoking. The tobacco end.

And decided if we wanted more flavor to come through, we'd just have to find a way to start with more.

### **Smoke Cracked:**

#### **'Enriched Flavor' Discovery**

So we began an exhaustive research program in cigarette smoke analysis and the ingredients that actually comprise cigarette taste.

By using a very sensitive instrument called an Analytical Fractometer, we were able to "crack" cigarette smoke down into its various ingredients.

We found there are over 2000 separate ingredients in smoke.

Each was isolated and analyzed, one by one.

What we discovered was startling: *there are ingredients in tobacco—"key" basic flavor units—that deliver taste way out-of-proportion to tar.*

### **Breakthrough.**

By fortifying tobacco with these natural flavor essentials, we're now able to pack flavor—extraordinary flavor—into a cigarette without the usual increase in tar.

The discovery is called 'Enriched Flavor.' It's extra flavor. Flavor that can't burn out, can't fade out, can't do anything but come through for you.

### **Taste-Tested By People Like You**

9 mg. tar MERIT was taste-tested against five current leading low tar cigarette brands ranging from 11 mg. to 15 mg. tar.

Thousands of smokers were involved. Smokers of filter cigarettes like yourself, all tested at home.\*

The results were conclusive:

*Even if the cigarette tested had 60% more tar, a significant majority of all smokers tested reported new 'Enriched Flavor' MERIT delivered more taste.*

Repeat: delivered more taste.

In similar tests against 11 mg. to 15 mg. menthol brands, 9 mg. tar MERIT MENTHOL performed strongly, too, delivering as much—or more—taste than the higher tar brands tested.

You've been smoking "low tar, good taste" claims long enough. Now you've got the cigarette. MERIT.

Incredible smoking pleasure at only 9 mg. tar.

From Philip Morris.

9 mg. "tar," 0.7 mg. nicotine av. per cigarette by FTC Method.

Warning: The Surgeon General Has Determined That Cigarette Smoking Is Dangerous to Your Health.

## The classroom teacher

# Barbara Norton — she arrived via Samoa

(This is the twelfth in a continuing series on The Classroom Teacher, featuring elementary and high school teachers in the Amador, Pleasanton, San Ramon and Murray school districts.)

Initiator of a values clarification course and a resolute member of numerous school and district curriculum committees past and present, Barbara Norton is perhaps the antithesis of the responsive and responsible professional educator.

Though she hails from a relatively short distance away (Santa Cruz), Barbara came to her present position at Amador Valley High School from American Samoa.

A graduate of San Jose State University with a credential in secondary social science, she began her teaching career at Santa Clara High School as an instructor in social science.

Then followed the stint in American Samoa.

A friend of her husband's had gone to

the distant U.S.-controlled outpost. Since husband and wife teams are encouraged to apply, and the Nortons were just "starting out" teaching-wise, they decided to make the jump. Norton had been teaching at Alum Rock and was looking elsewhere.

"It's best to make an overseas move early in your career so as not to lose standing on the salary schedule when returning stateside," she explains.

The Nortons taught an almost exclusively native student body for two years. She found the greatest problem was "convincing them there was more to the world than just their island."

With their two year term of service about up, the Nortons looked stateside and eventually came to Pleasanton thanks to the principal at the high school on the island.

The principal had left American Samoa for a position with the Job Corps in Pleasanton the year before and, knowing the Nortons were due to return stateside, suggested Norton apply for a position

BARBARA NORTON

with the federal agency.

It was through this contact that Barbara learned of the social studies and history position open at Amador Valley High School. Norton has since affiliated with the Livermore Valley Unified School District.

After an initial year of instructing a freshmen social studies class and several sections of U.S. History, she moved into a regimen of psychology, along with Joan Catrow, and U.S. History.

Psychology is a senior elective and, as presented at Amador, is a general survey of the whole field — primarily an "introductory overview" for college prep students.

Mrs. Norton introduced a values clarification course in 1974-75. She says it grew out of a request from students, partly, and her attendance at a workshop led by Dr. Sid Simons, a university teacher.

It is part of the "humanistic education" trend that has developed in recent years and, according to Mrs. Norton, is

based on the writings of John Dewey and Lewis Roth.

Values clarification is an elective for juniors and seniors at Amador. No text is used — the whole emphasis being on "doing."

"The course is based on 'strategies' to see what one is doing with his/her own life," Mrs. Norton explains.

"I try to teach a values process," she notes. "The class is based on the idea that 'values' is a process."

At present she is teaching a class in U.S. History, three psychology sections and two in values clarification.

She is the only Amador faculty member on the Graduation Task Force committee, represents Amador on the District Faculty Council and is a principal's advisory group member. Mrs. Norton also served on the district curriculum council for several years.

In addition to her husband, she also has a sister who teaches.

—by Al Fischer

## Helium kickoff

Ronna Williams, left, and Yvette Petersen are busy filling helium balloons in preparation for the Jan. 29 kickoff to the Campfire Girls' annual candy sale. The Livermore "Bluebirds" (youngest Camp Fire age group) will be sending off the balloons to remind Valley residents of the lus-

cious toffees, mint royales and peanut crunch they have for sale at \$1.25 (half the price tax deductible). "It's leap year," say the girls, "and we hope that lots of people will leap at the chance to help us to help ourselves."

(Times photo)

## VMH reveals a profit

LIVERMORE — A puzzled Tom Andrews, Valley Memorial Hospital Administrator, announced to the board of directors on Thursday that VMH netted \$51,000 in excess income over expenses for December, 1975.

Andrews could not explain the surprising financial figures, but offered two possible reasons.

For one thing, he said, there has been an increase in the number of sick people. The occupancy rate for the hospital as a whole

was 72.8 per cent.

But statistics by department were more revealing. Occupancy rates were 89.6 per cent in medical, 83.9 per cent in intensive care, and 79.4 per cent in surgical.

The low rates in obstetrics (53.5 per cent) and pediatrics (52.0 per cent) brought down the overall occupancy rate.

The December 1975 rate is in sharp contrast with the rate a year before, when hospital occupancy was reduced due in part to

the economic slowdown.

Andrews said VMH is beginning now to feel the impact of patient load at the Family Health Care Center, and this could account for part of the increased revenues.

Visits to the San Ramon facility average 1500 patients per month.

In other business, the board raised the minimum monthly salary requirement for the sliding fee scale of hospital payments.

Under the Hill-Burton

Act, VMH charges customers on a sliding fee scale, from zero to 100 per cent of the hospital charges.

Citing inflationary pressures, the board acted to increase by 13 per cent the minimum monthly salary a family must receive to qualify for minimum hospital charges.

The next board meeting will be held Feb. 19. This is the hospital association's annual meeting. The results of the board of directors elections will be announced.

## Eight Sandia people honored

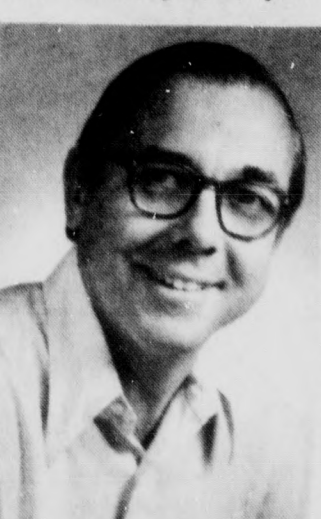

Eight Sandia Lab employees were awarded jewelry last month in recognition of their service in the Energy Research and Development program.

Edmund Kuroski

Robert Coates

Robert Schultz

A 25-year award was presented to Edmund S. Kuroski of Ventura Avenue in Livermore.

Robert V. Coates of Grace Court, and Robert H. Schultz of Camelia Drive, both of Livermore, received 15-year awards.

Receiving ten-year awards were Alvin F. Baker of Windsor Place, James C. Gibson of Notre Dame Court, Floyd W. Kent of Chippewa Way, and William V. Ormond III of Joyce Street, all of Livermore.

A five-year award went to Arthur J. Hayes of Running Hills Avenue, also of Livermore.

## Citizens study test scores

PLEASANTON — The Amador Valley High School citizens advisory committee reviewed test scores and heard a report on how Amador grads have fared, generally, after entering the University of California system at a meeting Thursday night.

Committee members also heard a report from the English department Level II group.

Test scores, including ACT results of the last few

years, were analyzed.

The statewide grade point average for students entering Cal is 3.5 to 3.6, according to data gathered by the committee, but student performance during the initial year averages 2.3 or 2.4. The committee learned, however, that the performance of Amador grads has been three to four-tenths of a point higher.

Advisory committee members meet once a month at the high school.

## Some training stations open

A limited number of training stations are available for the second semester class in the convalescent nursing program, as being conducted

by the Amador-Livermore Regional Occupational Program.

Applications are now being accepted for the limited enrollment, which will

begin Feb. 2. Instructor

for the six-hour-per-day program is Rose Wilson, RN, at the Pleasanton Convalescent Hospital. The class is sponsored by ROP of the Amador and Livermore school districts.

To register, call the ROP office, 462-1615, ex-

tension 40 or 58.

"The instruction is aimed specifically at the needs of convalescent nursing," says Roy Isler, administrator of ROP. "In addition to regular nursing care, emphasis is placed on the psychological and nursing care needs of the aged."

## Twirlers in demand

LIVERMORE — Anyone want to join the Livermore High twirlers, baton flags, tail flags or drill team of Livermore High?

Students who want to try out for one of these specialty squads, known as the "Bandettes," are invited with their parents to a meeting Thursday, Jan. 29, 7:30 in the Livermore High band room.

At the meeting, prospective Bandettes will find out about clinics, tryouts, uniforms, costs, next year's

calendar and other general information. All prospective members and their parents are urged to attend.

Mrs. Louise Parish chairs the group. Mrs. Julie Ward is advisor and Joan Sisson (443-5524) handles publicity.

## Water safety classes open

PLEASANTON — The recreation department has scheduled a complete series of water safety classes from basic rescue to water safety instructor beginning Feb. 2.

Persons interested in completing prerequisites for employment in aquatics will find the necessary American National Red Cross classes scheduled.

Classes include advanced lifesaving, basic rescue and water safety, lifesaving review, water safety instructor retraining, water safety instructor class, and stroke review class. For information on dates, times and fees, call or visit the recreation department, 200 Bern Ave., or the Aquatic Center, 4455 Black Ave.

## Swift advises multiple tax

PLEASANTON — All multiples, not just those on developers' subdivision maps, should be included in the park dedication ordinance, the planning staff told the city council last week.

Planning Assistant Brian Swift told a joint meeting of the city council and planning commission that multiples such as duplexes, triplexes, fourplexes and so on should be included in the park dedication ordinance.

Multiples brought in by a builder as part of a subdivision are now covered by the park dedication ordinance.

## CARD meets today

PLEASANTON — Citizens Against Redevelopment has extended an open invitation to all city council candidates to attend the CARD meeting 7:30 p.m. today at the Pleasanton Hotel.

The meeting, as are all CARD meetings, is open to the public.

Candidates who find it inconvenient to attend the meeting and wish to attend a later meeting may call Elizabeth Hall, 846-5537 or Jan Johnson, 846-6387.

## Breast cancer film

SAN RAMON — The film, "Breast Cancer — Where We Are," will be shown free of charge, Jan. 28 at 7:30 p.m. in the Family Medical Center lecture room, 9260 Alcosta Blvd.

The Cancer Society calls the 30-minute film "an exceptional review of the Society's basic approach to self-breast examination."

The films explain the latest techniques for early detection of breast cancer and discusses the "reach for recovery" program.

Following the film, Dr

Jerald Tantillo, a specialist in internal medicine and endocrinology, will answer questions.

Open to the public, the program is by the Contra Costa County Cancer Society.

The program is one in a series of public interest meetings held monthly at the Family Health Care Center.

## Seniors urged to enroll

LIVERMORE — Senior citizens are encouraged to join more than 40 persons already enrolled in a taxi transportation system that provides for up to ten local rides per month at 50 cents per trip.

Local residents over 60 who meet any one of four requirements are eligible to join the program and receive the low-cost rides. The requirements cover seniors who are:

- Currently receiving welfare or other public assistance.

- Eligible for benefits under the State's Supplemental Program (SSP).

- Eligible for benefits under the Federal Supplemental Security Income program (SSI).

- If annual family income is below the following limits: \$2,590 for one person; \$3,410 for two; \$4,230 for three; or \$5,050 for four persons.

The program is funded by a revenue sharing grant from Alameda County. For further information, contact the City Hall Finance Department, 447-2100, weekdays between 8 a.m. and 1 p.m.

## Tot program at SR library

DANVILLE — Children aged three to five years can enjoy picture Book Time held Tuesday mornings at 10:15 a.m. and again at 11:15 a.m. from Feb. 2 through March 23 at the San Ramon Valley Branch Library.

Registration for the 30-minute sessions can be secured at the library beginning Jan. 26 at 10 a.m.

School-age children are invited to a special "Let's make Valentines" program on Wednesday, Feb. 11 at 3:30 p.m. All programs are free.

The San Ramon Valley Branch of the Contra Costa County Library System is located at 555 Hartz Ave. in Danville and is open from 10 a.m. to 9 p.m. Monday-Thursday, and from 10 a.m. to 6 p.m. on Friday and Saturday.

## Registration ahead in '76

LIVERMORE — Registration renewals are running far ahead of last year's pace, according to the state department of Motor Vehicles.

Motorists are taking advantage of the chance to mail in their checks instead of standing in line at the Valley's lone DMV office on North M Street, Livermore.

This year, the state is going to a staggered registration system. That means some vehicle owners have to pay a year and a half registration fee but won't have to register again until the middle of 1977.

by Bernice Bede Orl

For Tuesday, Jan. 27, 1976

**ARIES (March 21-April 19)**  
Screen carefully any business proposals today that come through other than your normal channels. They could be shaky.

**TAURUS (April 20-May 20)**  
Don't impulsively enter into agreements today where all information isn't presently available. Wait till it is.

**GEMINI (May 21-June 20)**  
Keep a close eye on co-workers if you're all performing a hazardous task today. Be sure they're safely conscious.

**CANCER (June 21-July 22)**  
Be careful today not to take on something a little beyond your capabilities. It may get fouled up.

**LEO (July 23-Aug. 22)**  
If you expect others to adhere to your commands today you're going to have to set the proper example.

**VIRGO (Aug. 23-Sept. 22)**  
Don't spring anything on the family today that could throw their routine out of kilter. Seek all their views first.

**LIBRA (Sept. 23-Oct. 23)**  
There is a bit of the speculator in your outlook today. You might be prone to take unusual risks. Watch your step.

**SCORPIO (Oct. 24-Nov. 22)**  
If shopping today don't buy the first thing you look at, especially if it's a large item for the home. Check additional sources.

**SAGITTARIUS (Nov. 22-Dec. 21)**  
Be persistent today. Stick with that which you start or you'll leave many unfinished projects on the workbench.

**CAPRICORN (Dec. 22-Jan. 19)**  
You're the first to lend a helping hand. That's the way you should be, but today don't let one who's undeserving snow you.

**AQUARIUS (Jan. 20-Feb. 19)**  
This is not the best day to seek favors from a recent influential contact. Wait until you know him better.

**PISCES (Feb. 20-March 20)**  
Be sure to have all the necessary back-up before tackling a challenge today.

**your birthday**  
Jan. 27, 1976  
You will travel paths you've never trod before in your year or career this coming year. It will be beneficial if you don't venture beyond your comprehension.

Opening lead—3♥

By Oswald & James Jacoby

The prime requirement for an opening bid is some high cards. Usually 13 or more high-card points and surely at least 11.

The prime requirement for a competitive bid is playing strength. Taking tricks, but not necessarily any high-card points. Some are necessary, but not 13 or even 11. The normal minimum is seven.

Enough good reason to get into competition is to hold spades. If you have the spade suit you have an edge against all other suits in that your opponent will have to go one

trick higher to take the bid away from you. South holds a typical minimum spade overall of East's opening heart bid. Seven high card points and a good six-card spade suit. North's jump to three spades is strictly competitive and South goes on to four spades purely as a defensive measure. West doubles and with both black suit finesses wrong South is one down. Not a bad result since four hearts would wrap up.

## Ask the Jacobys

An Ohio reader wants to know what is meant by a deep-sea finesse. This is when you finesse against several cards at once. The most common case is when you lead toward A-Q-9 and play the nine. You intend to finesse with the queen later, but try the deep sea just in case both jack and 10 are in front of A-Q-9.

(Do you have a question for the experts? Write "Ask the Jacobys" care of this newspaper. The Jacobys will answer individual questions if stamped, self-addressed envelopes are enclosed. The most interesting questions will be used in this column and will receive copies of JACOBY MODERN.)

## On sports

## King and the former king

Mike Zampa

LAS VEGAS — They're still talking about the megatonnage generated here Saturday by George Foreman and Ron Lyle. But the real heavy duty stuff began just after Foreman deposited Lyle on his backside 2:28 into the fifth round of their bout at Caesars Palace.

That's when ubiquitous Don King, boxing's high priest, began the machinations that could lead to another important fight for Muhammad Ali.

GEORGE FOREMAN

Lyle and Foreman provided 4,100 fans with plenty of thrills in one of the most vicious brawls in recent memory. But once the bout ended and the blood stopped flowing, King took over center stage. He let himself be seen everywhere, let it be known that he would be the pivotal figure in arranging the next big challenge for Ali after he beats Jean-Pierre Coopmans, the flounder, or Lion of Flanders.

At ringside in the Caesars Palace Sports Pavilion, King huddled with contender Ken Norton and manager Bob Biron. Norton claimed that a July 5 championship fight with Ali is in the works.

Sunday King, who promoted Ali's last "super fight" with Joe Frazier, buzzed around the lobby of the hotel. He held public conferences with Foreman's business manager, Leroy Jackson, with boxing manager Gil Clancy, and for nearly an hour, with Foreman himself.

King and Foreman were sequestered in a corner of the casino where the millionaire promoter offered some fatherly, albeit unrevealed advice.

Were the two just exchanging pleasantries? "I don't think so," said Clancy who peered mysteriously out of both eyes then rushed off for a plane to New York.

"There's a lot of intrigue here," said another Foreman man who slumped in a chair at the poker table. "A half hour ago King is walking around the casino shouting that George Foreman is washed up. Now he's talking to him in the corner. It's a helluva business."

It was rumored yesterday that King proposed a Foreman-Frazier rematch. Foreman destroyed Frazier nearly three years ago to first gain the heavyweight title. Not coincidentally, Frazier sat nearby at a "21" table while King and Foreman conferred.

Surprisingly, despite Foreman's gritty comeback victory, the talk around Las Vegas is that he'll never pose a threat to Ali again.

At the taverns, in the casinos and even in the media, they're saying that two knockdowns by Lyle prove Foreman is through. It was generally agreed he's lost the magic thunder that struck Frazier in two rounds, and Ken Norton in three rounds.

One writer said: "The one-time Texas juvenile delinquent is a very average fighter. Stories about Foreman's awesome abilities now belong in the same book with the Easter Bunny and Santa Claus."

Foreman disagreed. He blamed the knockdowns on his own inactivity in the past 15 months, and on Lyle's devastating punch. It was no disgrace, he said, to reel from one of Lyle's blows.

"I'll tell you what I honestly thought when I went down the first time," Foreman said. "I remembered that Joe Louis had been knocked down before. And I said if Joe Louis can go down, then so can I, and the audience won't care."

Apparently the audience did, however. Even the cabbies, those self-proclaimed ring experts, are saying George is washed up.

They won't consider the effects a 15 month lay-off can have on a fighter. But remember what happened to Ali when he returned from imposed idleness. Norton broke Ali's jaw, and dealt him his first loss. Then reflect on what Ali's done since then.

Foreman may be capable of a similar comeback. He can still punch, regardless of what the critics are saying. Just ask Lyle who fought vainly to keep his eye from closing up Saturday afternoon. He can also absorb punishment. Ask Lyle about that too.

Foreman's problem is polish. He needs to fight and fight often. "There's no way you can come back in top form after 15 months," he said Saturday.

Cont. page 9

## Classic reprieved

The Amador Basketball Classic, an endangered species less than a month ago, has been saved by the Pleasanton Jaycees it was learned this morning.

Skip Mohatt, basketball coach at Amador High, announced that the Jaycees have taken over directorship of the 15-year old tournament, after the school contemplated dropping it for financial reasons.

It will come back strong as ever next December, with a field of eight teams perhaps better than in any previous Classic.

Stagg High of Stockton has already indicated it will play, Mohatt said, along with Amador's Pleasanton neighbor,

Foothill.

Invitations have been extended to Castlemont and Berkeley, the second and sixth-rated teams in East Bay basketball.

Back in the first week of January, Mohatt announced that the school was close to dropping the Amador Classic, because it has been losing money in great chunks.

The deficit ran up to \$800 for this season's tournament. The burden fell on Amador's student body, which bankrolled the affair.

Mohatt said he was contemplating and end to the Classic, and replacing it with a couple of home pre-season games.

The day after that story

appeared in local newspapers, the Jaycees arose to offer help.

Beginning next year, they will assume control of the tournament, with the

## sports

Mike Zampa, editor

exception of team selection, and program printing.

Glenn Shafto will be tournament director.

"We all felt that this was a good idea," Mohatt said of the agreement reached

between the school administration and the Jaycees. "They cannot only keep the tournament going, but probably make it better. They understand the financial risk," Mohatt added.

The Jaycees have promised a big promotional push in the weeks preceding the tournament to boost attendance which has sagged in recent seasons.

They have also promised to turn over any profits from the tournament, to the athletic departments of Dublin, Foothill and Amador high schools.

"We will try to keep the local community flavor of the tournament," Mohatt said. "And we hope to have as strong a field as ever."

"We've never had the time or energy to push the tournament in the community," Mohatt said; "but the Jaycees will do that."

## Ballistics break bank in Las Vegas

Ballistic United concluded an impressive stint at the Silver State Soccer Tournament with an 8-0 rout of the Concord Wolverines in the under-10 championship game at El Dorado High School in Las Vegas Sunday.

In two days of play United scored 33 goals and allowed just one by the opposition. It was the second straight under-10 championship by Ballistic in this event.

Meanwhile, Ballistic's under-12 team earned its second straight Silver State title blitzing Fortuna Soccer Club of Phoenix, 7-0 in the championship.

The under-10's were paced by Kevin Mayn who scored four times in the title contest. Gary Daniels had two goals, and Lennie McMullin and Steve Maciorski also scored.

David Morris, Greg Strommer and Paul Shuey led the defense in the shut-out of Concord.

In the opening game, Ballistic drilled Baldwin Park, 10-0, as Mayn, Maciorski and Scott Stanko all scored twice. David Irish, Brian Warman, McMillan and Tony Lupino also scored.

Mayn and Warman each scored twice in a 4-0 whipping of the Las Vegas Spartans. Nicky Pearson and David Humphrey sparked the defense.

In its first game Sunday, United crushed the Las Vegas Goal Getters, 11-0. Mayn had two more goals. Irish scored twice as did Stanko. Others went to Humphrey, Warman, Lupino and Gary Daniels.

Brandon Baxter, Marty Farris and Clark Morris were instrumental in blanketing the Goal Getters.

Ballistic's under-12

champions played tremendous defense through the tournament, never allowing a goal to be scored.

The championship contest was a typical example, with Phoenix managing just three shots on goal. Edward Kinyon, Jimmy Kruger, Jimmy Bennett, Mark Andrews, Scott Strommer and David Woodward headed up the defense.

Karl Kesterke and Mike Nieto each scored a pair of goals in the championship triumph Mike Deleray, Jamie Herwatt and Frankie Duarte also scored.

Duarte and Herwatt both scored goals in the final eight minutes in the opening tourney game as Ballistic tripped Cachorros of El Monte, 2-0. Kevin Ackerman, Fonzie Hutchinson and Jim Bennett were defensive standouts.

Ballistic drilled St. Francis of Las Vegas, 9-0, as three players scored two goals each. Hdrwatt, Deleray and Kesterke.

Donny Jones, Nieto and Duarte also scored.

Mark Andrews led a defense which completely shut down Las Vegas. Goal keepers Andy Eelsing and Scott Wilcox never touched the ball.

Sunday, Ballistic whipped Sunnyslope of Phoenix, 6-0, in a semi-final game.

Again the defense led the way with Andrews, Kruger, Woodward, Hutchinson and Jones playing well.

Nieto, Strommer and Hutchinson scored for a 3-0 halftime advantage. Duarte, Herwatt and Nieto scored in the second half.

Scott Strommer was the sparkplug for the offense.

The tournament victories ran Ballistic's record

to 57-5-6 for the season. Of the 57 wins, 42 have been by shutout. The team has scored 319 goals, allowed just 46.

## Canfield replaces AV's Bright

Rich Canfield has been named to succeed Tony Bright as head track coach at Amador Valley High School, principal Ralph Laird announced today.

Bright, who coached the team for eight years, is stepping down for personal reasons.

Canfield has been at Amador for two years, coaching freshman football and assisting with the wrestling team.

He is a graduate of San Jose State and Livermore High School. Canfield was a track star at Livermore. Assisting him with the track program will be George Cooley. The remainder of his staff has yet to be named.

**AIR CALIFORNIA**  
We're easy to take.

## Courier. The fun truck that's Ford-tough.

It's California's kind of wheels.

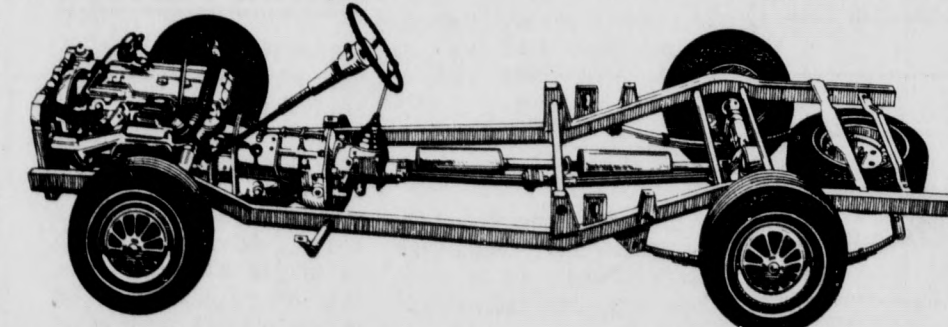

Drive it, you'll like it.

Courier owners talk about the way it drives. The way it economizes. And the way it's built. Ford test engineers really put this little import through the wringer before they OK'd it to carry the Ford name.

Good news under the hood.

For all of Courier's gutsiness, gas mileage is great. EPA estimates are 25 mpg highway, 19 mpg city. Your mileage may vary, of course, depending on your truck's condition, optional equipment, and how and where you drive.

Courier: Tough down under.

Give Courier a good going under and you'll know why it feels so solid on the road and off. The frame has box-section rails with 7 (count 'em, 7) crossmembers. Up front, there's independent suspension with big

coil springs and stabilizer bar. In back, long 6-leaf springs. The 1800-cc. 4-cylinder engine has modern overhead-cam design with 5 main bearings for rigidity and strength. Courier's known as the gutsy little import. This is where it gets its guts.

## More On Sports

George says he's ready to fight all the top contenders in his chase to regain the heavyweight title.

It might benefit Foreman to tackle at least one more challenger before greeting Muhammad in the ring again. Perhaps that is what Don King told him Sunday.

A logical match would be Foreman vs Norton, with the survivor earning a championship bid. The experience would prepare George for facing Ali.

But Norton feels he is close to the title bout, and might not risk the pay day by agreeing to an elimination fight with Foreman.

Norton says he'll arrange a tuneup prior to meeting Muhammad, but Foreman is hardly a tuneup opponent.

So George may be forced to face Frazier again, and perhaps someone else, before fighting for the title.

Foreman, who says he's happy just to be back in the ring, will wait patiently for his opportunity.

He won't be convinced, however, that he's incapable of regaining the championship he lost a year-and-a-half ago. He'll just stay out of bars and taxi cabs in Las Vegas.

## Superiors enjoy 3-0 weekend

The San Ramon Superiors roared to three victories in girls soccer last weekend.

Saturday the Superiors blanked Dublin United, 4-0, and trimmed Ballistic United, 5-4.

Sunday, in District Four action, San Ramon throttled the Livermore Rockets, 2-1.

DEANNA Galant scored a pair of goals in the opening triumph. Peggy Baker and Alicia Crumpler also scored. Heidi Shelton had four saves.

Crumpler and P.J. Moore scored two apiece against Ballistic. Peggy Baker also had a goal.

Kathy Buckowatz and Baker scored to beat the Rockets.

The Pleasanton Patriots crushed the Livermore Shining Stars in other action, 9-0. Kim Iverson scored three times while Jamie Watson and Gina Thomas had two goals each. Jayne Kuhns, Carrie McNatt and Cheryl Withall also scored.

Lisa Thomas and Stacy Smiley scored for Pleasanton United in a 2-0 triumph

over the Livermore Firecrackers.

Kim McKean's goal gave United a 1-1 tie with Dublin United. Jennie Hanky played well.

## Celt balance trips Knicks

A balanced scoring attack propelled the Celtics past the Knicks, 20-18, in Dublin Youth Basketball Association action Saturday.

Derek Mitchell led the parade with six points for the winners. David Westphalen and Eddie Billy followed with four apiece.

The Knicks Sean Glieden paced everybody with 12 points.

Surviving a furious fourth quarter comeback by the Bucks, the Bulls won, 24-22. The losers staged a 12-6 outburst in the final quarter of play.

For the Bulls, Don Galli scored 12 points, and Brad Harris. Jim Gibbons led the Bucks with 14 points.

The Pistons clamped down on the Hawks, 26-8. Randy Bannister had 10 points, and Todd Reddick, eight. Todd Hager of the Hawks scored six points.

Good defense by Tim Grose, Mike Malfatti and Todd Cambra helped the Warriors topple the Bulls, 36-12. Mike Murphy scored eight points. Keith Malatesta and Jeff Cunningham had eight apiece. The Cadets battered the

Hoosiers, 39-19, behind Greg Hogan's 11 points. Mark Hart scored eight.

Sparked by a 17-10 third period outburst, the Wolverines held on to trim the Bulldogs, 36-34. Ron Washburn led all scorers with 19 points. Bob Rollins had eight for the Bulldogs.

The Falcons shut out the Sundevils in the fourth quarter to win, 32-20. Toby McFarlane led the scoring with 11 points. Mark Miller had six. Aaron Harmon scored eight for the losers.

The Aggies defeated the Cardinals, 38-28. Jerry Fikes scored 11 points. Jack Stevens and Jack Victory added seven apiece. Bill Durfey had eight for the losers.

## Falcons on top in poll

College Park High has taken over the number one position in the East Bay basketball poll.

The Falcons, 14-0 this year, drew four first place votes in balloting by the East Bay Prep Writers Association to edge past previously top ranked Castlemont by one point.

Castlemont suffered its first of the season last week in a game with Fremont High.

Granada is the only EBAL team mentioned in the top 15, holding on to 15th place in the poll.

Amador Valley, leading the EBAL, and Livermore, earned honorable mention.

### East Bay Cage Poll

With team followed by first place votes in parentheses, record, points and rank last week.

1. College Park (4)	15-1	101	1
2. Castlemont (3)	14-0	102	2
3. Granada (1)	13-1	83	3
4. Oak Tech (1)	11-3	83	4
5. Fremont (1)	11-4	81	5
6. Berkeley (1)	15-5	75	6
7. El Cerrito (1)	10-5	61	7
8. McMenamin (1)	11-5	50	8
9. St. Marys (1)	15-6	44	9
10. Arroyo (1)	11-6	35	10
11. Moreau (1)	12-10	29	11
12. Northgate (1)	11-4	24	12
13. Hayward (1)	11-6	22	13
14. Oakland (1)	10-6	19	14
15. Granada (1)	10-3	16	15

Honorable Mention — American, 12-3; Livermore, 9-3; Tennyson, 12-5; Clayton Valley, 11-5; Skyline, 10-6; Mission San Jose, 9-6; Pleasant Hill, 8-6; Amador Valley, 7-6; O'Dowd, 11-10.

# Introducing the best-paying passbook of any major California bank.

Crocker's been simplifying banking — with longer hours, easy-to-understand forms and other major banking changes. Now we're simplifying savings, too, and making it more rewarding.

### Crocker now pays extra interest on most savings plans.

How can your savings earn more at Crocker than at another bank when both pay the same interest rates?

The difference is all in the compounding — the way interest is paid not only on your savings, but also on interest you've already earned. Most major California banks compound only four times a year, so your interest doesn't start earning more interest for up to 90 days.

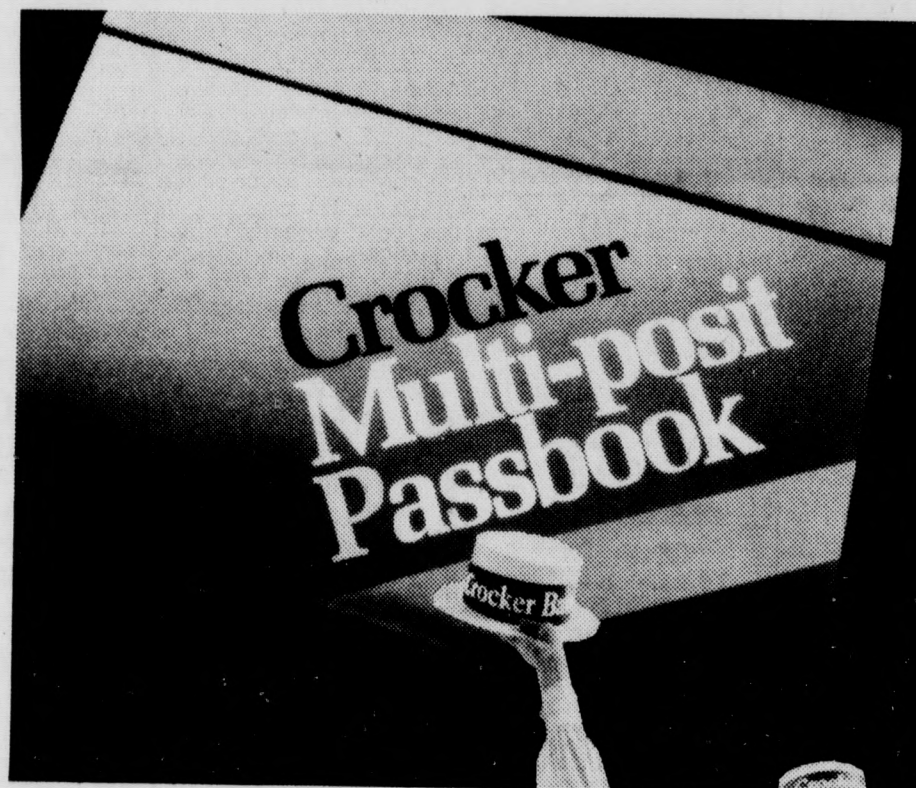

Crocker now compounds interest daily on regular savings and on all accounts paying from 5½%\* to 7½%\*\* — so every day's interest starts earning more for you the very next day.

### Crocker now pays interest monthly on most savings plans.

Crocker will now pay you your interest monthly on most savings plans.

So if you need more monthly income — to help with budgeting — we'll send you an interest check every month, or put it in your Crocker checking account. Or, of course, you can leave it in your savings and let it grow.

Crocker's first with a 5½% "Start-Up Account" — a new way to build toward even higher interest.

With our new "Start-Up Account," you set your savings goal — either \$500 or \$1,000 — and reach it with equal monthly deposits over a 10-month period. Then you'll not only have that 5½% interest — best of all, you'll have the minimum deposit needed to move up to one of our even higher interest savings plans!

Crocker's first to put them all together in just one handy passbook.

It's our new Multi-posit Passbook™. It conveniently handles up to 8 different savings plans — paying from 5% up to 7½%\*\*.

Wherever you're saving now, bring your old passbooks to any Crocker office. We'll help you put all your savings plans together in your own handy Multi-posit Passbook — the best-paying passbook of any major California bank!

Crocker offers Certificates of Deposit, too — with interest now compounded daily. And checking accounts free of service charges if you keep \$2,000 or more in savings.

Crocker's changing banking. Maybe you should change to Crocker.

\*Minimum \$500 deposit for 3 months.

\*\*Minimum \$1,000 deposit for 6 years.

Federal regulation requires interest rate reduction to 5%, plus forfeiture of 3 months interest, on any sum withdrawn from a time account before maturity. This could reduce the principal amount of your account if interest has been paid to you previously.

## How to Pick Sleepers in Rare Plates

**NORTHBROOK, Ill.** — The director of a world-wide art exchange in this Chicago suburb has announced a new, easy way to start collecting rare porcelain plates with high resale potential.

According to Roderick MacArthur, director of the Bradford Exchange, one exceptional plate priced at \$25 in 1965 now brings \$1,750, and another selling at \$9.75 in 1969 now sells for \$440.

Mr. MacArthur says, "Since many plates do not increase in value, amateurs often make serious mistakes." He offers a free report on what to look for, when to buy, what to pay and much more. It even includes special offers on eagerly-sought collector plates at modest cost.

To get your free report with no obligation, just send your name, address, and zip code to the Bradford Exchange, 1224 Bradford Place, Northbrook, Illinois 60062. A postcard will do. To be sure of receiving your free copy, please mail your request before February 7, 1976.
